

# Commitment & Involvement

## प्रतिबद्धता से उन्नति

Individual commitment to a group effort -- that is what makes a team work, a company work, a society work, a civilization work.

Taking ownership of one's work means showing a strong commitment to the goals of the business and flexibility in approach to achieving these goals.

## Contents

Focus on accomplishment

*To get "committed & involved" requires an individual & team to focus on the achievement and not just on activity.*

Take initiative

*Trust only movement. Life happens at the level of events not of words.*

Think differently

*How you look at your work decides how you work.*

Pride in work

*A commitment to excellence and to victory is what life is all about*

Work in full throttle

*Without involvement, there is no commitment*

Do your best, be the best

*The quality of a person's life is in direct proportion to their commitment to excellence, regardless of their chosen field of endeavor.*
