

अगला कदम

One step forward

Progress is moving ahead on the stairs of success. When you have arrived on a new step, you need to look at the next step and not on the previous ones.

Getting up on hierarchy does not automatically ensure success. One needs to develop behavior & skills for the new role. This module focuses on the essentials that will sensitize the new leaders for a smooth transition from past to present and help them see the new world view from the present vantage point.
